UDMA 133 // 7200 rpm // 9ms // 8 MBCache  
DiamondMax Plus 9  
ATA Hard Drives

The 7200 RPM DiamondMax® Plus 9 hard drive is your solution for performance PCs with data-intensive applications such as network attached storage, home networking devices, audio, video and other multimedia applications. DiamondMax Plus 9 is equipped with fluid dynamic bearing motors for acoustic sensitive applications. This allows the drive to operate with extremely low sound output, an important feature for many applications. With Maxtor Shock Protection and Data Protection Systems on every drive, your drives and data are protected against operating and non-operating shock. DiamondMax Plus 9 offers performance leadership design with a 2MB or 8MB buffer, ATA/133.
